

NATURAL WOOD FINISHES & SURFACE COATINGS

Proudly manufactured in Cape Town, South Africa, ProNature combines advanced **German coating technology** with almost **30 years** of local manufacturing experience to deliver sustainable, high-performance wood protection systems for residential, commercial, hospitality and heritage projects.

TRUSTED IN
RESIDENTIAL, COMMERCIAL,
HOSPITALITY & HERITAGE
PROJECTS.

ABOUT PRONATURE

ProNature South Africa is a Cape Town-based manufacturer of premium, **bio-based coatings** and wood protection systems.

Since 1997, we have been at the forefront of environmentally responsible coating technology, combining **German formulation** science with decades of international paint chemistry expertise.

Our products are trusted by architects, designers, contractors and **developers** throughout Southern Africa and East Africa to protect and enhance **timber** naturally – for generations to come.
